PROFESSIONAL SUMMARY

Software Engineer with 2+ years of experience designing, developing, and maintaining web applications using **PHP, Laravel, MySQL, JavaScript, and modern frontend technologies**. Experienced in full-stack development, RESTful API integration, business process automation, and application development. Skilled in integrating third-party APIs, optimizing performance, and delivering production-ready features. Proficient in using **AI-assisted development tools**, including Claude Code and ChatGPT, to accelerate delivery, improve code quality, and streamline workflows.

TECHNICAL SKILLS

Languages :

- PHP, JavaScript (ES6+), SQL, HTML5, CSS3

Frameworks & Libraries :

- Laravel, CodeIgniter, Bootstrap 5, Tailwind CSS, Blade, jQuery, AJAX

Backend :

- RESTful API Development, Third-Party API Integration, Authentication & Authorization, RBAC, Eloquent ORM, MVC Architecture, Middleware, Artisan CLI

Frontend :

- Responsive UI Development, Blade Templates, Bootstrap, Tailwind CSS, JavaScript, AJAX

Database :

- MySQL, SQL, Database Design, Query Optimization, Migrations, Relationships

API Integration :

- WhatsApp Business API, Payment Gateway Integration, JSON, Postman

AI & Automation :

- Claude Code, ChatGPT, Prompt Engineering, AI-Assisted Development, Code Refactoring, AI-assisted Debugging, Workflow Automation

Tools :

- Git, GitHub, Composer, Postman, Jira

Concepts :

- OOP, SDLC, Performance Optimization, Production Support, Debugging, Agile Development

PROFESSIONAL EXPERIENCE

Software Developer | MTech Systems IT Services

May 2025 - Mar 2026

- Developed and maintained **enterprise-grade ERP applications** using **Laravel, PHP, MySQL, Blade, Bootstrap, and Tailwind CSS**, delivering scalable full-stack solutions and production-ready features.
- Engineered and integrated **RESTful APIs, Payment Gateway, and WhatsApp Business API**, automating business workflows and ensuring seamless communication across enterprise systems.
- Optimized application performance through **SQL query optimization, code refactoring, production bug fixes**, and implementation of secure authentication, authorization, and RBAC mechanisms.
- Collaborated in an **Agile Git-based development** environment while leveraging **Claude Code and ChatGPT** to accelerate feature development, debugging, refactoring, and overall engineering productivity.

Software Developer Intern | MTech Systems IT Services

Oct 2024 - Apr 2025

- Developed a full-stack Flight Booking System using **Laravel, PHP, MySQL, and Bootstrap** with **authentication, wallet management, role-based access**, and booking workflows.
- Built responsive user interfaces with critical pages, achieving **<1s load time** through frontend optimization.
- Collaborated with senior developers to deliver production-ready features while following MVC architecture and software engineering best practices.

PROJECTS

AI Marketing Platform & Reporting Tool

Tech Stack: PHP, SQL, Git, REST APIs

- Enhanced backend services by developing new features, improving existing functionality, and resolving production issues for an enterprise marketing intelligence platform.
- Integrated and maintained Meta Ads API and LinkedIn Ads API to support reliable marketing data synchronization and reporting.
- Worked across backend, frontend, data access, and database layers to deliver scalable, maintainable solutions.
- Optimized existing code through debugging, refactoring, and performance improvements in a Git-based Agile environment.

WhatsApp Business API Platform

Tech Stack: Laravel, PHP, MySQL, JavaScript, Bootstrap, REST APIs, Postman

- Developed full-stack features for a WhatsApp Business communication platform using Laravel and PHP.
- Integrated WhatsApp Business API and RESTful services to automate customer communication workflows.
- Designed responsive interfaces and implemented secure backend functionality with JSON-based API communication.
- Improved application stability through debugging, API testing, and backend optimization.

EDUCATION

- **B.Tech in Information Technology**
Dr. Babasaheb Ambedkar Technological University, Lonere
2020 - 2024 | 7.3 CGPA
- **Higher Secondary Certificate (HSC)**
R.B. Moner Junior College, Goregaon
2019 - 2020 | 67.23%
- **Secondary School Certificate (SSC)**
L.D.V. Sai High School, Sai
2017 - 2018 | 91.60%

ACHIEVEMENTS

- Awarded **₹1 Lakh Seed Funding** by Maharashtra State Innovation Society for Ed-Tech Startup.
- Secured **2nd Runner-Up at Ideathon** organized by GCECS.

LEADERSHIP EXPERIENCE

- **Co-Founder & Technical Lead** - Ed-Tech Startup
- **Coordinator** - Entrepreneurship Development Cell (EDC)
